# Total Funds Required

## ₹4,08,000 / 1 year

For an annual program of 35 students  
Across two different slum communities in Muzzafarnagar

### What is project Learning Light I रौशनी shiksha abhiyan ?

Millions of children in India, particularly those living in impoverished urban and semi-urban areas, lack access to fundamental literacy education. This deprivation not only limits their individual growth but also hinders the overall development of their communities. In Muzaffarnagar, children in **identified slum communities** are currently at risk of being left behind. They **lack essential learning materials, dedicated educators, and a conducive environment** to foster their educational journey.

Iksha aims to start one literacy center each as an **annual continuous learning program** in Muzzafarnagar and Noida catering to **over 35+ students** with an aim to bring the light of learning and break the cycle of poverty and illiteracy.

# Roselin

Roselin is an M.A., and a B.Ed. under training who is sharing her time with a zeal to educate the underprivileged kids, given that she has had many challenges in her own life.

When she was 4 years old, while crossing train tracks to go back to her home, a train ran over her foot, and she completely lost her left foot. Despite living with a prosthetic foot, her stride to achieve and create opportunities for others like her has been tremendous, and we are glad to have her on our team!
